

LB LIBRARY BUREAU *A ModuForm Company*

The ModuForm Companies are about flexibility...about innovative furniture designs that manage your space requirements...about sound engineering that endures active environments for extended life...about choices that accommodate. The ModuForm Companies - flexibility in furniture.

The Standard For Simplicity

And Sound Engineering

Since 1876, Library Bureau has built a reputation as the first name in library furniture: tables, study carrels, technical furniture, circulation desks, viewing stations, shelving, and more.

Simplicity is the defining style of the LB76 Series. Pleasing low-profiles with radius corners and lucid contours evoke a feeling of permanence, strength and openness. Full wood panels and hardwood frame construction set the standard for high quality handcrafted workmanship. Adjustable work surfaces, and single and double-faced configurations afford maximum flexibility. A full range of sizes and shapes meet function and space requirements.

Constructed of solid red oak or maple wood, and a broad spectrum of warm wood finishes customize or match your unique environment. Furniture is protected with an ultra-violet cured resin finish that is deep, rich and luxurious, and extremely durable. Laminate top selections further customize furniture to match wood finishes or complement with patterns and colors. State of the art wire management, power, data, communication, and lighting accessories meet technical requirements.

Library Bureau—the standard for simplicity in style and sound engineering to meet the expanding needs of today's libraries...college, university, K-12, public, private, reference, law, and media centers.

LB76 Simplicity in form is the defining style
