

LB LIBRARY BUREAU *A ModuForm Company*

The ModuForm Companies are about flexibility...about innovative furniture designs that manage your space requirements...about sound engineering that endures active environments for extended life...about choices that accommodate. The ModuForm Companies – flexibility in furniture.

The Standard For Innovative

Design And Fine Craftsmanship

Since 1876, Library Bureau has built a reputation as the first name in library furniture: tables, study carrels, technical furniture, circulation desks, viewing stations, shelving, and more.

Library Bureau circulation and reference desks are the hallmark statement of your library's focal point. Each desk eloquently proclaims its individuality and character, blending the warmth of wood with distinctive, fine craftsmanship. An array of designs is offered to complement any library setting. Desks are engineered with 32mm design flexibility. They are completely modular affording unlimited grouping configurations to meet your function and space requirements. As your requirements change, compatible additions are easily installed.

Constructed of solid red oak or maple wood, a broad spectrum of warm wood finishes customize or match your unique environment. Wood components are protected with an ultra-violet cured resin finish that is deep, rich and luxurious, and extremely durable. Laminate top options further customize desks. State of the art wire management, power, data, communication, and lighting accessories meet technical requirements.

Library Bureau—the standard in innovative design and fine craftsmanship to meet the expanding needs of today's libraries...college, university, K-12, public, private, reference, law, and media centers.
