The Standard In Furniture

For Versatility And Style

TABLES AND CHAIRS 700 SERIES

ModuForm's 700 Series expresses the beauty of wood. Furniture is constructed for exceptional durability and long term performance. The 700 Series is constructed with hardwood double dowel joinery. Tables are reinforced with through-bolt assemblies. Side and sled base chairs are reinforced with barrel and bolt metal-to-metal assemblies. Wood components are finished with an environmentally friendly ultra-violet cured resin coating prior to assembly. This yields a beautiful satin finish that is tough enough to withstand even acetone and industrial cleaning solvents.

Chairs in this highly versatile line are available with optional upholstered seats and backs with ganging and stacking capability. Multiple styles offer traditional side and sled-based chairs of solid red oak. Contemporary style side and 2-position chairs feature oak veneer over laminated bent hardwoods.

Tables bases are solid oak wood. Tops are offered in oak wood butcher block or decorative laminate in a variety of colors and patterns to customize to your particular needs. A game top option is available. Tables accommodate 4, 6, or 8 seat placements in round, square or rectangular styles for maximum selection flexibility.

The 700 Series sets the standard for an attractive, affordable solution for recreation, dining, conference, and study areas.
